

COO_TEX: Vamos entender?

O diagrama ilustra o processo de captura e comercialização de créditos de carbono. No topo, um ícone de usuário (Comprador) envia uma solicitação (seta verde) para uma interface de loja (ícone de carrinho). À direita, um texto explica: "A plataforma é responsável pela **captura, assessoramento e disponibilização** dos créditos de carbono no mercado." Abaixo, a "Loja" atua como intermediária, enviando uma seta verde para o "Dono do projeto" (ícone de grupo) e uma seta azul para o "Comprador" (ícone de usuário com o número 6).
